

Participate in the *National Renorming of BES-3 Rating Scales*

Hawthorne Educational Services, Inc., is offering you the opportunity to participate in a national data collection project that would provide extra funds to spend at your discretion. *Non-identifying* data is currently being gathered nationally to renorm the *Behavior Evaluation Scale-Third Edition (BES-3)*. Hawthorne will pay \$6.00 for each set (i.e., 1 school form and 1 home form) which is properly completed for each regular education student and returned to our office by a specified date.

The data you collect will be combined with the data from other raters to establish national norms. All information will remain completely confidential and will be reported at the group level only.

This is a limited participation project. Requests for rating forms will be filled on a first-come, first-served basis until our quota is reached. If you are interested in participating, please complete the information below and return via FAX (800-442-9509). Thank you for your consideration.

***A minimum of 10 sets of forms must be completed per selected age group.
For each student chosen to be rated, a school form AND a home form are to be completed.***
